Ms. Kikuchi

Voices of Participants

First of all, I would like to express my gratitude for giving me this amazing opportunity. It was my first trip overseas and had worries before travelling to Canada. In our first few days in Toronto, I already felt lucky to have the support of many people.

My host father was James, the director of JCCC, and it touched me as I was able to see all the hard work he put for me and my group members. Like we were supported in this program, I hope to repay everyone someday. Thank you for a meaningful and memorable experience.

- Ruka Chiba (from Miyagi Prefecture)

Thank you to all who supported the Canada homestay program and the Support Our Kids project. Not only I learned about Canada in this program, but also helped me learn more about my own self and my team mates. We were able to experience and learn things especially because of this program. It is also through this program that helped me make

friends, and I cannot thank our supporters enough for this. I hope to visit Canada once again someday and repay all those who supported us in this program. I'm determined to use this experience to achieve my dreams in the future. Once again, thank you so much for all of your support.

- Ren Yanagisawa (from Miyagi Prefecture)
