5. Closing Ceremony

Date: August 16, 2018

Location : Tokyo Central Youth Hostel

Content : Program feedback and presentation

I am grateful for the experience I had. I will continue to do my best in helping others.

I lost myself, but now I am more confident to say that "this is who I want be." "I have experienced so many things."

I have not decided on any course to take after graduation from high school. But now, my experience of going to Australia gave me the determination to study abroad. I would like to study in Australia.

6. Special Thanks
